## Statement for Publication

English for Less has developed well since being awarded accreditation and the Director is well aware of his responsibilities in all areas of operations. Inspectors were particularly impressed by the thorough and detailed documentation which applies to all aspects of company. Feedback from students, teachers and group leaders was positive and they were particularly appreciative of the accessible, hands-on approach of the Director.

The relationship with White Rock Mansion staff works well and the continuation of this alliance is pivotal to the success of the school.

The introduction of longer-stay students this summer brings new challenges particularly in the area of academic management and these have been outlined in the report. The logistics of providing homestay accommodation in a saturated coastal town is also challenging and although systems for managing this are excellent, face-to-face monitoring of accommodation is important.
